Our Government funded work based learning and vocational training programmes are making a worthwhile contribution towards plugging the national skills gap, helping Australian businesses to become more viable and sustainable for the future.

We operate work-based learning and other training programs in major sectors including Retail, Hospitality, Business Management and Administration.

Educatering programmes are delivered on site with a minimum of disruption to the working day. Employees receive ‘hands on’ coaching from their personal trainer.

- Training is delivered with Victorian & Commonwealth funding
- People with disabilities & diverse backgrounds are encouraged to apply
